CRM FINAL CONFERENCE: Shaping the Future of Return and Reintegration

München, 23 Mandlstraße, München, BY 80802 DE

About the Conference:

The CRM Certificate Program has trained **professionals from 21 countries and three continents** to promote sustainable approaches to voluntary return and reintegration.

The **Final Conference** marks the culmination of this three-year initiative led by the **Munich Forum for Dialogue** and the **University for Continuing Education in Krems**.

Join an international community of policymakers, practitioners, researchers and alumni to exchange experiences, reflect on lessons learned and shaping the future of circular and return migration. We bring together diverse perspectives to turn programme insights into practical approaches, stronger cooperation and sustainable impact.

The CRM Final Conference brings together a global community to reflect on achievements, address shared challenges and carry the Certificate Program's learning forward.

From shared knowledge to meaningful action
cooperation

Connecting experiences

Notice:

As the number of **on-site** places is limited, we kindly encourage those wishing to attend in person to register at their earliest convenience. Travel costs for on-site attendance cannot be granted. **Online participation** is available for those who cannot join us in Munich and is free. For both, a registration via the [attached link](#)/ QR Code is needed.

We would be honoured to welcome you to this final conference.
